Other License Exceptions may apply, depending upon the circumstances of your intended transaction.

Export Control Classification Numbering System (ECCN)

The ECCN numbering system is found in the Commerce Control List (CCL) part 774 of the EAR. The CCL is a comprehensive list that identifies all items controlled and licensed by Commerce. Within the CCL, entries are identified by an ECCN. Each entry specifies the license requirements for the item and the reason(s) for control. Please consult parts 738 and 774 of the EAR for specific information on ECCNs.

Shipper's Export Declaration (SED)

When an export is made, it is necessary for the exporter to show on the Shipper's Export Declaration (Form 7525-V) in block 21 either the license number, the applicable License Exception symbol or the symbol NLR. Form 7525-V is available from the Superintendent of Documents, U.S. Government Printing Office of Washington, D.C. 20402, and from Export Administration District Offices (U.S. Dept. of Commerce).
